Attached is the latest action referent to the development of procedures to implement EO 12036. I believe that the only problem the Office of Security has with reference to undisclosed official participation in domestic organizations concerns membership, attendance and other participation under official sponsorship in professional societies, e.g. computing organizations, ASIS. I know we have cases where our employees under official sponsorship join and take part in the activities of such groups for the purpose of enhancing their professional knowledge.

If you have any other thoughts or problems pertinent to the procedures to be drafted, please let me hear by noon, Thursday 23 February 1978.

23 Feb 78 C/ISSG - called to say only problem foreseen is disclosure of cover of people who join professional orgs for general membership purposes. He then recognized, however, that no influencing of policy (see Para 9C) could be constructed. In effect, no substantive additional input
